

Civni Rubens[®]

Parent plants

 + Gala x  Elstar

Origin

Breeding company Consorzio Italiano Vivaisti in Ferrera, Italy.

Growth

Moderate. Slightly less growth than Gala. Horizontal with upright branches, simple tree.
Susceptible to scab as Jonagold, susceptible to mildew, just as Elstar.

Flowering

One up to three days earlier than Elstar and Golden Delicious. Reasonably strong pruning required. Recommended pollinators are: Elstar, Gala, Junami, Pinova, Wellant, Malus Golden Gem and Malus Golden Hornet.

Productivity

Good, and no tendency to biennial bearing.

Harvesting

Mid-season. Similar to Elstar.

Appearance

Large (70/80). Unblemished and crispy appearance, clear red streaked with a yellow-green to yellow base colour. On average 80% blush.

Quality

Fruit flesh is yellow to green-yellow and at times green-white in colour. Texture is brittle and crispy. Fresh sweet and juicy.

Storage life

Five to six months in ULO-storage.

Details

The apple is selected for a target group of middle-age consumers who are known to truly appreciate the gifts of Mother Nature.
